Wound Care & Hyperbarics

PATIENT SAFETY REQUIREMENTS

Hyperbaric Oxygen Therapy is a safe medical treatment in which the patient lays comfortably in a hyperbaric chamber breathing 100% Oxygen under increased atmospheric pressure. The following is a list of safety requirements that must be adhered to in order for the patient to receive His or Her treatment.

HOME HEALTH CARE PROVIDERS RESPONSIBLE FOR PATIENTS. PLEASE MAKE SURE THAT THESE SAFETY REGULATIONS ARE STRICTLY FOLLOWED.

Under NO circumstances are the following products to ever be on a patient during a HBOT treatment:

- Any and All types of Deodorant, Perfumes, Cologne, Lotion, Body oils, Powders
- Hair Products, such as hair spray, gels, mousse, pomade, hair extensions, wigs
- Contacts, glasses, Hearing aids, Dentures, prosthetics, nail polish, artificial nails
- All electronic and battery-operated devices (medical or non-medical), cell phones, iPod, pagers, cameras
- Only plastic tape is allowed, no silk or paper tape is allowed into the chamber
- All jewelry must be removed. No metal objects of any type
- All clothing, shoes, stockings, any items not made of 100% cotton
- Make-up, tampons, sanitary pads
- Flammable items such as anything containing grease, alcohol, petroleum or oils of any type, matching, lighter, cigarettes

Please note that all of these safety requirements are for when the patient is in the chamber receiving treatment.

_____ (Patient's Initials) **I have read and understand these safety requirements and they have been reviewed by a physician. HyperHeal Hyperbarics, Inc. reserves the right to immediately terminate therapy if all safety requirements are not adhered to.**

If you have any questions or concerns, please do not hesitate to contact us directly 410-433-4300. Thank you for understanding and support in keeping everyone safe.

Sincerely,
Dr. Ziad Mirza
