

“ I want a Wound Clinic that **does not charge** a facility fee. ”

Many health systems charge a facility fee that may be more than \$500 per visit. At MVS Wound Care & Hyperbarics, there are no hidden costs and you will NOT be charged a facility fee.

*Most insurance plans accepted.*

Setting the Standard for High Quality Affordable Care

## Preparing for your wound care visit

- When you call for an appointment or consult, you may be asked a few questions about your wound and general health.
- Keep your appointments! It's the first step toward healing your wound.
- We're dedicated to help you, your cooperation is vital.
- Make a list of any allergies you have and any medication you're currently taking, including aspirin, vitamins, and herbal products.
- Bring your medical records and wound notes to your first appointment or have them faxed by your doctor. This will help us determine a safe and effective treatment plan.
- Bring your ID, insurance card and any other forms.

# Wound Care

*A specialized team of healthcare professionals trained to heal chronic non-healing wounds, surgical wounds and more.*

*"I was treated at another clinic for over a year and discharged unhealed. I came to MVS Wound Care and Hyperbarics and was healed in only a few months."*

*\*No expensive facility fees*

## Who is MVS Wound Care & Hyperbarics?

**HyperHeal Wound Care & Hyperbarics**, a leader in advanced wound care and hyperbaric medicine in Maryland, recently changed its name to **MVS Wound Care & Hyperbarics**. By rebranding itself as **MVS Wound Care & Hyperbarics**, we better express the three unified parts that provide patients with integrated vascular, podiatric, and advanced wound care services in Maryland.

MVS Wound Care & Hyperbarics is an AAAHC accredited facility led by a multidisciplinary team of physicians, surgeons, podiatrists, nurses, and hyperbaric technicians. Quality care and an exceptional patient experience are our top priorities.

## The MVS Wound Care Advantage

As Baltimore's most respected outpatient wound care facility, we'll not only deliver effective treatments that work, we'll treat you with the respect and care you deserve. You will also benefit from:

- Same day appointments
- 7 convenient locations
- No facility fees
- Free parking
- A multi-specialty team of doctors
- Open communication & access to our providers

If you're looking for healthcare professionals you can trust, treatments that work and the best value in wound care, look no further than MVS Wound Care and Hyperbarics.

## Your First Visit

There may be some paperwork prior to your first appointment so please plan ahead and arrive at least 20 minutes early. After check-in, our staff will evaluate your wound, review your medical history and general health. It is possible that a blood test, a culture of your wound or other testing may be performed.

## After Your First Visit

Your treatment plan will most likely include weekly or bi-weekly visits to our Wound Care Center for wound evaluation, to answer any questions and, if necessary, modify your treatment plan. You will also be given detailed instructions on how to manage your wound at home and how to protect the wound from further injury. Any changes to your treatment or care plan will be shared with your referring provider.

## You're A Vital Part of Your Healing

Much of the success of your treatment depends on you. Please keep your appointments, follow directions carefully and watch your progress closely between visits. At any time, if you or a family member has a question, please do not hesitate to contact us.

## Insurance Coverage

We accept most insurance plans including Medicare. However, your coverage and any potential out of pocket costs will depend on your insurance plan. Prior to treatment, let us know if you would like us to go over coverage and explain any potential out of pocket costs.

## Why Your Doctor Chose MVS?

- Highly effective treatments
- Timely access to high quality wound care services
- Our commitment to excellence
- Award winning provider team
- No expensive facility fees
- Affordable wound care services
- Open access to our providers
- Advanced healing therapies such as Hyperbaric Oxygen Therapy (HBOT)
